

New Surveyed Prospects Script

Hello! Is _____{--FIRSTNAME--} there?

Hi, _____ my name is _____. I am calling regarding your survey, and interest in starting a home business. I don't know if my name is ringing a bell with you or not. (*your name*)??? YUP!!! Yes, I sent an email. I wanted to call and meet you and let you know that I'm real person.

Is this a good time to talk?

{--FIRSTNAME--}, you've indicated you're looking for information about making additional money from home. Regarding your survey, what are your expectations about a home business?

(These questions are icebreakers to establish rapport and to get a commitment from the prospect.)

How much money do you need to make to meet those expectations?

How many hours a week can you work to make that happen?

How much money do you expect to invest to meet your expectations?

I can show you how you can make that kind of money, however I need to know that you are serious so it is worth both our time. How serious are you about building a Home Business? **(Wait for their answer)**

I can show you a proven system where you can do this, the company, the industry, the product, the team you will be training with. I just have a brief overview of these items and we can see if this is something that you think you might be interested in. Okay?

Company

SUPER! Listen, {--FIRSTNAME--}, with our system you can make \$100 to \$900 per week NOW and build TRUE RESIDUAL INCOME, and guess what, with an investment as low as \$35. The name of our company is Ameriplan®. Have you ever heard of us?

Ameriplan® is a HEALTH BENEFITS company. We operate out of a beautiful new national headquarters located in Plano, Texas, just north of Dallas. Ameriplan® has been in business since 1992. Ameriplan® is a very solid company, has no debt, is a member of the Better Business Bureau, and was recently featured on Morley Safer's television show, American Business Review, as one of the best home business opportunities available today.

We have no products or inventory for you to purchase and try to resell to others. NOTHING LIKE THAT! What we market is a card that is a package of 4 HIGH DEMAND Health Benefits: Dental, Vision, Prescription, and Chiropractic. We save people up to 80% off these health benefits with no waiting period; no limits, no deductibles, and we cover all pre-existing conditions. Did you know that there are over 60 million people in the US who have no kind of medical coverage at all?

So this card sells like crazy, because it's only \$11.95 for a single person, or \$19.95 for an entire household, even if some in the household aren't related.

{--FIRSTNAME--}, that's a **GREAT DEAL**, isn't it? That's why we have close to 2 million people are covered on our plan, making us the nation's leading discount health benefits provider. That's a lot of people, don't you think.

So {First name}, First Let's Talk About The Training and Support system that we use

Our team is one of the **FASTEST** growing teams in the entire company! The way we've done this is through the Internet, responding to the millions of people that are searching for home businesses, and by teaching them to use the internet like we do, and also teaching them to introduce this opportunity to people that you know or meet in person. We have put together some **FANTASTIC** support tools, because we have found by experience that a great support and training system really helps average people succeed.

(This next section in red is optional; use it if you think they need more information about exactly what they will be doing to make money immediately.)

As soon as you are a broker and we have your Ameriplan® websites live, I immediately get on the phone with you, using my best leads and start calling people who have requested information this very day about a home business, or about the benefits, so that you can start making money immediately. The first few calls that we make together, I do the talking and you listen as I present to your prospect, it's called on-the-job training. If we enroll these prospects while we are doing these training calls, they become your first brokers or customers. We can do these types of calls with your own network of people too, we can help explain this to them too.

We will also plug you into our professional, easy to navigate **team** website. On this site there are online videos, and many excellent and informative resources. This website is very effective and really helps sell the business for you.

Training

{First name}, our team website and our proven marketing system are two of the most powerful tools in this business.

We will train you exactly how to use your support tools.

1. We offer team training conference calls each week, which are listed on our team website, and as a member of the team you will receive email reminders for the calls. All members of the team participate, sharing their successes and experiences, so you can learn from them.
2. So, from the comfort of your home, you can hear LIVE or pre-recorded training calls and learn from some of the top income earners how to build your business more effectively.
3. You will get all the support you need to get your business rolling because, remember, you're in business for yourself... but not by yourself.

You get Me

{--FIRSTNAME--} I want to tell you that one of the best things you get when you start your Ameriplan® business, (BESIDES OUR PROVEN SYSTEM) - **is ME!** (*pause*) (*pause*) You see as your sponsor, I become your personal trainer and coach. I'm here to make sure you make money. I teach you how to build your business step-by-step and work with you shoulder to shoulder to help you make it happen. We work together! Not because you are a nice guy or because I am such a nice guy either... This is how I get paid extra bonus money - **ONLY when YOU are successful – profitable, do I make money!** **So you can bet I'm here to make sure you make money!**

{--FIRSTNAME--}, do you see how this proven system and personal and team support can help you be successful building your business?" **GREAT!**

Pre-Close

{--FIRSTNAME--}, you are a smart person, so you know it costs money to start any business, especially one like this where you stand to make a 6-figure income within a couple of years. I just want to give you a typical example of what working for yourself can cost. One man I know is in the hot dog business – he tows a hot dog cart up to Home Depot and roasts hot dogs and sausages... That cart cost him \$5000, plus his overhead is over \$1000 a month, and he works incredibly long hours, 7 days a week.

It doesn't cost that kind of money to do Ameriplan®, and most successful Ameriplan® brokers start part time, just a few hours a week. Would you mind if I shared with you how you can get started in Ameriplan®?

Close

{--FIRSTNAME--} You can start your Ameriplan® business for as little as \$35, and the Ameriplan® monthly overhead is as little as \$35 per month. You submit only one broker application and you are already in a profit.

The first type of enrollment is called the **Basic Broker Kit**, for \$35. It is a small starter kit, enough to get you going and into a profit, a few DVDs and a few brochures. You will have to buy additional supplies that you will need from your profits because you did not get them when you signed up. You also have your monthly overhead of only \$35 for the benefit card.

{--FIRSTNAME--} The enrollment that I recommend to people is our top enrollment, called the **AMERIPLAN® POWER PARTNER ENROLLMENT**, which is \$235. The reason I recommend this plan is because you get all the TOOLS the **serious** broker needs for their first year in this business. Supplies includes things like:

- Marketing and training videos, color glossy brochures, applications, marketing DVD's, training CD's
- It also INCLUDES \$450 in Ameriplan® Gift Certificates to buy any additional supplies you need throughout the year.
- I tell people very simply that if it doesn't take food off your table or keep your children from eating, the \$235.00 plan is the smartest way and best value to get started in your business.

***** MASTER ZIG'S ASSUMED CLOSE *****

{FIRSTNAME} - Which plan makes the most sense to you? Starting on the \$235 plan where you get the Ameriplan® POWER PARTNER KIT, all the free supplies and gift certificates to buy additional supplies, or do you need to start with the lessor enrollment, the Basic plan? Which works best for you?

(LET THEM TELL YOU. BE QUIET until they answer.)
